

E4L Infoceuticals: One Facet of a Powerful, Cohesive Solution

Energy4Life has identified that to achieve total wellness, there are 3 critical factors that need to be addressed:

- The energy that flows through the body.
- The information that is created, distributed and regulated within it.
- The physiology of the body.

As a result, we have developed the Bioenergetic Wellness System, which comprises a 3-step process:

1. Assess the human body-field with custom scanning software.
2. Rejuvenate and unblock energetic distortions with miHealth.
3. Imprint the information of the body's control system with E4L Infoceuticals.

E4L Infoceuticals are a key component of the Bioenergetic Wellness System, and are used to re-imprint the body-field back to its optimal state, enhancing the strength of the body-field and regulating the flow of information. E4L Infoceuticals help to remove distortions and blockages within the information structures and energy patterns of the body-field.

Since Peter Fraser's revolutionary discovery and mapping of the human body-field (HBF), Energy4Life has led the field of bioenergetics, supporting people worldwide by addressing issues and concerns relating to their health and well-being. The body-field represents the general state of your overall physical and emotional condition.

Distortions in this field can cause disharmony in your life. Corrections of these distortions support and encourage a more balanced, enjoyable and rich life experience.

What are Infoceuticals?

Based on 30+ years of research, our Bioenergetic Wellness System assesses the integrity of the human body-field. We see this as the energy blueprint of the physical body, so when the field is optimized, the body's natural healing and maintenance systems can work as efficiently as possible. E4L Infoceuticals are our proprietary liquid remedies designed to do just that. Imprinted with bio-information, they optimize the body-field by powering it up and correcting distortions that have been found by the BWS assessment.

Types of Infoceuticals

We offer a range of Infoceuticals to restore optimal function to the body-field. Our core line includes:

- **Big Field Aligner (BFA):** This aligns your body-field with the Earth's natural fields and forces, which is important for establishing overall well-being.
- **Energetic Drivers (EDs):** These help to power your body-field so it can efficiently coordinate the complex functions of your physical body and enhance your overall energy and vitality.
- **Energetic Integrators (EIs):** These help with accurate communication in the body, ensuring proper signals are sent and received and clearing blockages along information pathways. They make sure the body knows what to do with its energy.
- **Mind-Body Infoceuticals (MBs):** These are designed to reduce energetic stress and remove unhealthy emotional patterns imprinted on the body-field by shock or trauma.
- **Energetic Terrains (ETs):** These are designed to re-establish repair messages and activate energetic immunity within your body-field.
- **Energetic Stars (ESs):** These are used in cases where there are major bioenergetic blockages correlated to your body's metabolic pathways and survival mechanisms.

The Benefits of Infoceuticals

Most people notice an almost immediate sense of enhanced well-being and vitality. Some people report that they experience more dreams and a greater sense of personal insight. You may also notice that the Infoceuticals enhance your body's natural processes, stimulating positive shifts in the specific physical and emotional issues you are addressing.

On occasion, some people experience mild and temporary reactions such as headaches or flu-like symptoms. This is quite normal and is a reflection of your body-field working more effectively, moving out the distortions that may be contributing to your health concerns. Symptoms should subside after a few days. However, if you have any concerns, please consult your E4L practitioner.
